

Competition Law

MMS' policy is to conduct business activities in accordance with competition laws and to be independent at all times. Employees are required to act fairly towards business partners, competitors and enforcement authorities in accordance with proper business practices and in compliance with competition laws.

MMS has a policy of fully complying with the competition laws of every country it operates. The policy outlines the main competition laws applicable in most jurisdictions around the world and provides guidelines to ensure strict compliance with these rules in the day-to-day operations.
